

Fellowship & Pastoral Care

Leadership Team member

Linda Jackson

Responsible for:

Strengthening our fellowship in social groups and activities within the LEP and in the wider community through the Pastoral Team and Link visiting scheme.

Highlights from 2017:

- Lunches were held to celebrate various events throughout the year and continued to be enjoyable ecumenical occasions. Numbers have increased and the fellowship has been uplifting.
- The plan for 2017 was to trial "Give away an Egg". However, the involvement was limited and therefore it will need more publicity if it is to be tried again.
- The Pastoral Team continued to visit local people and care for members of the churches in need. Planned training sessions on working with vulnerable adults and Dementia are still in the planning stages.
